Read the text on 'Earth Hour' given below. Complete the table with the information.

The first one is done for you.

The World Environment Day is celebrated every year on the 5th of June to encourage people to protect nature. It reminds us of our duty to care for the environment. Millions of people around the world join this event by planting trees, cleaning public places, and reducing waste. World Environment Day is not only about one day of action but also about learning how our habits affect the planet. The plastic we use, the energy we waste and the pollution we create, can harm nature. By changing our daily habits, we can save resources and build a healthier future.
